METHODOLOGICAL OVERVIEW OF DESTINATION REPUTATION AT LARGE

Analysing online social data

- The “**sentiment**” reflects the **state of travel brands’ online reputation**. These are seen through **online social conversations at a global level**.
- They are shared by differing **media, consumers, companies, citizens, brands and officials on websites, forums, blogs & social networks**.
- While sentiment is not predictive of travellers’ planning, a **positive e-reputation is essential to generate favourability towards destinations** and travel brands, particularly when choosing a destination.
- In Q3 2024, **Greece was mentioned 268K+ in social conversations** in relation to travel, generating **2.6M engagements**, shared by **67K+ unique authors** from **200+ countries**.

Key Sentiment Trends

SUMMARY FOR THE THIRD QUARTER OF 2024

- **Greece's overall Net Sentiment Index** for the third quarter of 2024 **started with a relatively low score in July**, saw a **slight increase in August**, and **continued recovering into September**. It currently **ranks fourth alongside Portugal**, following Italy and Croatia. Similarly, **the polarity of conversations** surrounding **Athens began with a low score in July**, **dropped further in August**, and **rebounded by September**, placing it in sixth compared to other benchmarks.
- The **topic of Culture** continues to experience the highest volume of conversations, while also maintaining one of the most positive sentiments overall. **Gastronomy ties with Culture** in terms of **positive sentiment**, reflecting **the second highest volume** of online stories. In contrast, **conversation volume** regarding the topic of **Environment remained stable** but exhibited a **downward trend** in terms of **polarity**, likely due to the persistent impact of extreme weather events. Lastly, while **the volume of conversations** related to **Hospitality has increased**, **the sentiment score** for this topic **dropped**.
- **Greece's summer season was marked by a wide range of positive online stories**. A key topic was **sustainability**, with notable highlights like the unveiling of **the country's first green skyscraper, Piraeus Tower**, and an **environmental initiative in Apikia village**. Beyond the typical tourist hubs, **quieter destinations** have been gaining attention online. Places such as **Samos** and **Tilos** were praised for their serene, untouched landscapes, perfect for those seeking an escape from the crowds.
- **Greece's cultural offer** also thrived, including **an exhibition on Laros Island**. Additionally, **Maye Musk**, mother of Elon Musk, visited Greece to promote her book and seemed to enjoy exploring cultural landmarks such as **Plaka** and the **Acropolis Museum**. **Luxury hotels on Mykonos** and **retreats focused on low-carb holidays** also garnered attention, highlighting the diverse lodging and wellness options Greece has to offer.
- **Climate and environmental challenges remain at the forefront of negative online stories**. One particularly striking **incident occurred in the port city of Volos**, where thousands of freshwater fish died drawing significant attention. This was followed by **wildfires near Athens** and **the more generalised severe drought** impacting Southern Europe. In addition to environmental crises, there were also concerns around **security**, as a couple of reports of **attacks on tourists** surfaced.

Period of analysis: July 1st, to September 30th, 2024.

STORIES REFLECTING POSITIVE SENTIMENT

Negative Sentiment Drivers

GREECE'S VIGILANCE POINTS FOR ONLINE REPUTATION

In Q3, many negative stories still centered around climate and environmental issues. A shocking incident in the port city of Volos, where thousands of freshwater fish died gained widespread attention online. This was followed by **wildfires near Athens** and the **severe drought affecting Southern European countries more generally**. In particular, the wildfire caught a lot of attention due to its rapid spread and scale. Alongside these environmental issues, **security concerns also emerged**, with some reports involving tourists.

Examples of reputation drivers

- **Authorities declared a month-long emergency in port city Volos** after thousands of freshwater fish died in its Xiria River, attributing to last year's devastating floods in central Thessaly, followed by severe drought.
- Greek firefighters fought through the night as **wildfire flames threatened Athens**.
- **Southern European countries**, including Greece, **are experiencing drought conditions** and desertification.
- **A 19-year-old Dutch couple on vacation in Crete** was **attacked** by assailants.
- **Three assailants attacked an Arab-Christian Israeli tourist** in Greece, believing he was a Jewish Israeli.
- **Hundreds of tourists were told to disembark from a ferry** and wade into the sea with their luggage in Balos, Crete, after **officials banned the use of a floating platform** over overtourism concerns.

Ratings & Reviews

METHODOLOGICAL OVERVIEW

Consolidating ratings and reviews

- TRAVELSAT® Pulse uses a solid **aggregation methodology to consolidate reviews**, both **numerical scores** and **written feedback**, from sources that cater to different aspects of the tourism ecosystem. It should be noted that not all ratings can be associated with specific markets.
- The platform presents all scores through a **consolidated scale of 0-10**. These have been **converted from their original source** and are **weighted to adjust the significance** that each source score has. Analyses are carried out across verticals, markets and guest profiles.

Sentiment analysis technology

- Beyond structured ratings, **written reviews are also analysed using the most developed sentiment lexicon**. This allows for an analysis of **positive and negative deflections by keywords** by sub-category and guest profile.
- The AI semantic engine **covers 16 languages**: *Arabic, Russian, Polish, Portuguese, Swedish, Norwegian, Danish, English, French, German, Dutch, Spanish, Italian, Finnish, Simplified Chinese, and Turkish*. However, **ratings and reviews are collected for all sourcing markets** sharing their experience on the rating platforms.

Key Visitor Experience Trends

SUMMARY FOR THE THIRD QUARTER OF 2024

- **The number of reviews for Greece** showed a **steady rise until August 2024**, after which there was a **slight drop in September** as the peak tourist season concluded. Meanwhile, **review count for Athens** have **maintained a steady level** throughout the period.
- **Greece holds a strong overall rating, exceeding the European benchmark** by +0.3 points. **This advantage is consistent across most regions**, including Athens, with all areas except the North Aegean scoring at least 9.0. Such results continue to underscore **Greece's ability to meet visitor expectations, even during the peak tourist season**.
- **Cultural experiences** in Greece once again secured **the top rating**, with an impressive score of **9.3 points**. **Food and Beverage held second place**, followed by **Seaside attractions**. **Central Greece, Peloponnese, and Thessaly** achieved **the highest ratings for Culture**, closely followed by Central Macedonia, the Cyclades, and West Greece. **West Macedonia** led in the **Food & Beverage category**, with Crete, the Ionian Islands, Peloponnese, and West Greece all holding second place. Lastly, **Epirus**, like in Q2, **received the highest praise for Seaside activities**, followed by Cyclades and Peloponnese.
- **Personnel** continued to receive **the most positive feedback** in written reviews, achieving a **near perfect level of positive sentiment**. **Value for Money remains in second place**, a crucial measure of visitor contentment, particularly during the peak season. **Sustainable Travel and Hygiene followed**, both reflecting strong levels of satisfaction in written reviews.
- Regarding regional differences, **Attica, the Ionian Islands, and Peloponnese** received the highest ratings for **Personnel**. **West Macedonia** received **only positive comments on Value for Money** in written reviews, with **West Greece almost doing so as well**. **Central Macedonia** received **the most praise for sustainable practices**, while **Central Macedonia, Cyclades, and East Macedonia and Thrace** earned **the highest scores for Hygiene**.
- **The top five international markets by review volume** in Greece were **the United Kingdom, Italy, the United States, France, and Germany**, in that order. Visitors from **the United States and the United Kingdom** provided **the highest overall ratings, both exceeding 9.0**, followed by Germany, France, and Italy in that respective order.

IMPORTANT TAKE AWAYS FOR TRAVEL IN GREECE

Take Aways

IMPORTANT TAKE AWAYS FOR TRAVEL IN GREECE

- Greece's Net Sentiment Index (NSI) for Q3 2024 **started off** low in July but improved as August and September progressed, now ranking fourth behind Portugal, Italy, and Croatia. **Athens followed a similar trend**, experiencing a **drop in scores in August** but **recovering in September**.
- **Greece experienced the highest volume of conversation** within the **Culture** topic, which maintained **one of the most favorable sentiment levels**. **Gastronomy matched Culture in positivity** during Q3, showing a strong number of conversations as well. The **Environment** topic remained **stable in terms of volume** but **reflected a declining trend in sentiment**, likely attributed to **extreme summer weather events**. Finally, although **the volume of conversations related to Hospitality** has risen, the sentiment score for this topic has seen a **slight decrease**.
- **Greece experienced several positive initiatives** centered around **sustainability** during the summer, including the debut of **the country's first eco-friendly skyscraper, Piraeus Tower**, and an **environmental awareness project in Apikia village**. Beyond the primary tourist destinations, **the islands of Samos and Tilos** gained attention in Q3 for their serene and untouched natural beauty, appealing to those looking to escape conventional tourist areas. **Cultural attractions** featured **an exhibition on Paros**, alongside **luxury lodging** experiences like Cavo Tagoo Mykonos.
- **Most negative stories were related to climate and environmental challenges**. A disturbing event in the port city of Volos, where **the deaths of thousands of freshwater fish, captured considerable online attention**. This incident was soon followed by **wildfires near Athens** and **a serious drought that has impacted Southern European more generally**. Moreover, **safety incidents were highlighted** by negative stories involving tourists.
- **The rise in the number of reviews for Greece**, which began in March, **came to a halt in September**. In contrast, **Athens has maintained a steady review volume since April**, even experiencing a slight uptick in September, indicating Athens' continued appeal to visitors regardless of the month.
- **Greece maintains a competitive overall rating compared to the European benchmark**, leading by +0.3 points. This **advantage is evident across most regions**, including **Athens**. Once again, **cultural experiences in Greece have received the highest score**, while **Food & Beverage** has **outperformed Seaside attractions** again during the third quarter.
